Dear Doctor,

Biogenic Dental understands that it is hard to trust a new lab with your patients' cases. We want to prove that we share the same passion for your patient as you do and want you and your patient to be thrilled on insertion day! That is why we have attached a FREE ZirluxFC2 crown voucher to this letter. We want you to experience Biogenic Dental Lab and all we have to offer. We team up with you to ensure case success!

Send your next case to us at Biogenic Dental to take advantage of our FREE crown offer. You can go to our Send a Case page on our website www.biogenicdigital.com to print out a Rx and mailing label, or call us; we can fax or email what you need or arrange a UPS pickup!

Committed to your success,
Doctor Care Team
Biogenic Dental Corporation

Our 3D printing and 5 axis milling capabilities, combined with the best Zirconia and LD on the market today, has us producing restorations with fit measured in microns! We can communicate by phone or **send screenshots of your cases in progress to your email** if we have a need to discuss your case with you. Doctors are finding that fewer interruptions are refreshing, and are choosing our screenshot service. You can approve cases or make case change notes to cases at your convenience from anywhere.

	FREE	 ZIRCONIA DISCS & BLOCKS Posterior Crown*
